### CAPABILITIES

At Federal Retirement Services, we specialize in providing educational resources for federal employees, addressing the unique aspects of the Federal Employees Retirement System. With over 15 years of experience working closely with pre- and post-retirement federal employees, our professional team offers an in-depth understanding of federal benefits and retirement systems. We provide customizable seminars for agencies, along with concise, high-impact presentations designed to deliver clear, actionable, and impactful information.

### DIFFERENTIATORS

Federal Retirement Services stands apart from traditional federal retirement training providers by delivering a modern, highly engaging learning experience rather than static, lecture-based instruction. While many providers rely on dense, outdated presentations, our approach is built on simplifying complex federal benefits into clear, actionable guidance that employees can immediately apply. We combine this with customizable, agency-aligned training tailored to each workforce and supported by professionally developed materials that reinforce learning beyond the session. Our streamlined scheduling system makes it easy for employees to access individual 1-on-1 retirement counseling, increasing participation without adding administrative burden. With over a decade of exclusive focus on federal benefits and the ability to deliver both in-person and virtual training nationwide, we provide a more accessible, flexible, and impactful solution than traditional providers.
